FIRE SAFETY PRODUCTS TAILEDOR FOR MODERN DESIGNS

FIRE EXTINGUISHERS Fire extinguishers comply with IS2190 & NFPA 10 standards, providing a critical firstline of defense.	FIRE HYDRANT SYSTEMS Designed to IS3844, Is13039, & NFPA 25 Standards, fire hydrant systems deliver powerful streams of water to combat larger fires.	FIRE SPRINKLER SYSTEMS Automatic fire sprinklers adhere to IS15105 & NFPA 25 standards, activating in response to high temperatures for immediate suppression.	FIRE DETECTION SYSTEMS Complying with IS2189 & NFPA 72 standards, fire detection systems alert occupants at the first sign of smoke or fire, giving them time to evacuate safely.
FIRE DOORS AND CURTAINS Customized fire doors & curtains, designed as per IS3614, create barriers against fire & smoke, controlling the spread within buildings.	FIRE SIGNAGES Strategically placed fire signages guide occupants to safety, enhancing visibility & clarity during evacuations.	RODENT REPELLENT SYSTEMS Humane & effective rodent repellent systems protect buildings from fires caused by rodent damage.	GAS LEAK DETECTION SYSTEMS Gas leak detection systems ensure occupant safety by detecting leaks early & preventing potential explosions.
FIRE SUPPRESSION SYSTEMS We offer specialized fire suppression systems for various needs: <ul style="list-style-type: none">■ UL Approved Clean Agent Fire Suppression System for server/data centers, telecom, battery rooms, & sensitive equipment rooms.■ LPCB Approved Tube-Based Clean Agent Suppression System for electrical panels, closed compartments, & server racks.■ UL Approved Kitchen Suppression System for commercial kitchens.■ UL & VDS Approved Inert Gas Suppression System for large rooms.■ UL Approved CO2 Suppression System for unmanned server/data centers & paint shops.		WATER DETECTION SYSTEMS Advanced water detection systems prevent water damage in server or data rooms, safeguarding sensitive areas.	
			PUBLIC ADDRESS SYSTEMS Public address systems ensure clear & timely instructions to all occupants during emergencies.

SPECIALIZED SERVICES TO KEEP YOUR DESIGNS SAFE

REFILLING OF FIRE EXTINGUISHERS Refilling service ensures fire extinguishers are always ready for action.	ANNUAL MAINTENANCE CONTRACTS Comprehensive maintenance contracts keep all fire safety systems in top condition.	ONE-TIME REPAIRS One-time repair services quickly & efficiently address any issues.
FIRE FIGHTING AUDITS Audits assess the effectiveness of fire safety measures, providing detailed reports & recommendations.	FIRE FIGHTING LICENSING (NOC) We assist in obtaining necessary licenses & NOCs to ensure compliance with fire safety regulations.	BASIC & ADVANCED FIRE FIGHTING TRAINING Training programs empower Clients & their staff with essential fire fighting & first aid skills.
